

## **Licensed Light to Medium Duty Mechanic – Full-Time**

East Jordan, MI

Jordan Valley EMS Authority is launching a new **startup mechanic shop** and we're seeking an experienced **Light to Medium Duty Diesel Mechanic (ASC certified or Michigan License Equivalent)** to join our team. This is a **ground-floor opportunity** with competitive pay, benefits, and the chance to grow with the operation.

### **Responsibilities**

- Diagnose, repair and maintain diesel engines, hydraulics, and emergency vehicles.
- Perform preventative maintenance and inspections on ambulances, fire trucks, and related vehicles.
- Maintain accurate records of service and repairs.
- Work independently and as part of a team to ensure fleet readiness.
- Willingness to pursue additional certifications, including Emergency Vehicle Technician (EVT).

### **Qualifications**

- ASE Certification or Michigan License Equivalent. (Required).
- Minimum 2 years of professional mechanic experience (emergency vehicles preferred).
- Strong knowledge of diesel systems, hydraulics, and electrical troubleshooting.
- Valid Drivers License, (CDL preferred but not required).
- Ability to adapt and thrive in a startup environment.

### **Benefits**

- Competitive Wages
- Health and Dental Coverage.
- Paid Time Off and Holidays.
- MERS pension plan.
- Company-paid certifications and training opportunities.

### **Schedule**

- Full-time, minimum 40 hours per week.
